MULTIPLE CHOICE QUESTIONS

RECEIVING GOD'S

PROMISES

RECEIVING GOD'S PROMISES

Multiple Choice Questions

The following questions have been designed to assess how much you have understood and retained from your studies.

We understand that not everyone doing the studies will agree with every single point contained therein. However, students are required to answer the questions in accordance with the study material contained in the study booklets.

Each question has up to four multiple-choice answers from which you are to select one. Read through the question and each answer, then select the answer you believe to be correct by simply marking a) b) c) or d) for each question on the 1-100 answer sheet provided at the end of this document.

In each study, your performance will be evaluated by a percentage score based on correct answers. Students qualifying for a Certificate of Completion at the conclusion of each series will be acknowledged for their averaged percentage score.

Also do not consult the Study Booklet or any other reference books, except the Bible alone, in responding to these Multiple Choice questions.
